The negro boy Curtis Jackson, who assaulted and outraged Mrs. Dan Norman, in a small out on the Frisco railroad track at Poplar Bluff, on the 2nd instant, and who came near being mobbed by the infuriated friends of the woman, was tried at a special term of the Circuit Court, held at the bluff on Tuesday last. To avoid the summary justice of the mob spirit that prevailed at that time, the negro was taken to St. Louis, by Sheriff Hogg, after an exciting experience. The mob spirit having calmed, the sheriff brought the negro back to the bluff Monday night, and a special grand jury having been empaneled on the 9th instant by order of Judge J. C. Sheppard, he was indicted for the crime and trial set for the 20th, last Tuesday. A special venire was issued for a jury and by noon on Tuesday all the preliminaries had been arranged, Messrs. J. P. Ford and F. D. Gebhard being appointed by the court to defend the boy. A jury was obtained in a short time after court convened in the afternoon, and by 5:00 o'clock of that afternoon, all the testimony had been heard, arguments made and the jury charged. It was out but a short time, returning into court with a verdict of guilty, and assessing the penalty at death, by hanging. Judge Sheppard, immediately thereafter, sentenced the prisoner to be hanged, on the 23rd day of March, Friday, the first date that under the law the sentence could be carried out.

The negro confessed the assault and was positively identified by the victim, and all the testimony was directly against him.

## Our Flour

Is made from the best selected Missouri soft winter wheat and not from the cheap Kansas hard wheat. Do not work against your own home interests and let your grocer talk you into buying some other flour that is made from hard wheat that is bought at 40 cents a barrel cheaper than flour from your own native wheat is worth, with the argument that is "just as good." If it is as good why don't it command the price your wheat does? We prefer to give the Ripley County farmers our money rather than to the Kansas farmers. Then Ripley County farmers, see that you are given no other flour than that made by the

And in doing that you will, when you have grain to sell get your money back you paid out for flour at home. To keep your home markets you must know you will have patronize them, or by your actions you say you don't want to encourage home enterprises and home markets. Buy no other flour than that made by the Doniphan Roller Mill Company and by so doing you say we are for Ripley county and her people. Every merchant can get our flour.
